Are you auto-motivated? Welcome!

High Potentials for Conti EXPLORE (Talent Initiative of Research & Development Tires).

Do you want to make a strong impact through your work?
Do you want to be a driving force in a multicultural, interdisciplinary team?
Do you strive for excellent results in all you do?
Are you looking for new challenges?

Start your international career in the cutting edge, innovative R&D Tire business through the Conti EXPLORE initiative (a talent initiative of Research & Development Tires). This program will give you the broad experience base and network you need to take on a challenging position at Continental Research and Development Tires later on.

As an EXPLORE High Potential, you will organize your own learning journey as part of an international team. During the program you will be responsible for your own extensive interdisciplinary training, both in-house and in the field.

Conti EXPLORE is open to university graduates (Bachelors, Masters or Ph.Ds) with a chemistry, science or engineering background. Successful candidates have a passion for automobiles and technology, enjoy fresh challenges and have the vision, drive and leadership qualities it takes to see their projects through. While German language abilities are not important, good English skills are necessary.

Continental AG is an equal opportunities employer.
